

## World Athletics Race Walking Tour

The walkers accumulate the best three results of the annually challenge races. The points are identically to the rank achieved in the specific race. In 2007 - 2012, the challenge series ended with a final race of 10 km. All walkers could start, which had contested on three races at least during the season. The World Athletics Race Walking Challenge was changed into the World Race Walking Tour in 2022.
