

UCI Mountain Bike World Cups

The UCI Mountain Bike World Cup is a multi-round mountain bike racing series that is sanctioned by the UCI. Riders win points according to their placing in each event. The first UCI sanctioned World Cup series was held in 1991. The Downhill World Cup was inaugurated two years later, and the Dual Slalom World Cup was launched in 1998. The dual-slalom format evolved into 4X in 2002 before being dropped after the 2011 season. In 2012, Cross Country Eliminator (XCE) was added to the World Cup. The replacement world series for 4X World Cup is the 4X Pro Tour and for XCM World Cup is UCI MTB Marathon series.
