

## World Aquatics Swimming World Cup

The World Cup is an annual series of (most) short course (25 m) meetings. In 2015 and 2019 - the years before Olympic Games - the World Cup was held on long course (50 m) only.

1989 - 1999, the World Cup was clustered by swim styles. 2002, onwards there is an overall ranking only.

1999 - 2001, the participation in at least one meeting in each of the three zones (America, Asia/Oceania, Europe) was a prerequisite for being considered.

The 2020 series was canceled due to the COVID-19 pandemic.
