

World Short Track Speed Skating Championships

The international federation **International Skating Union (ISU)** introduced World Championships in short track speed skating in 1981, after five years of unofficial World Championships.

Initially, a distance victory scores 5 points for the overall ranking, 2nd place = 3, 3rd place = 2 and 4th place = 1 point. Since 1999, the following scoring is used: 1st place = 34 points, 2nd place = 21, 3rd place = 13, place 4 = 8, place 5 = 5, place 6 = 3, place 7 = 2, place 8 = 1 point. Since 2009 the leader at 1.000 m in the 3.000 m Super Final gets additional 5 points.

For the first time in 2001 World Champions were determined in the single distances.
